Technical Tour - Guangzhou Visit on 9-10 January

Background:

Under the co-operation agreement between HKIP and Guangdong Urban Planning Association (GUPA), the two professional institutes agree to organize joint events together to promote exchange of planning knowledge and facilitate regional planning of the two cities. While facing the deeper integration of the Guang-Shen-Gang township under direct traffic infrastructure, it is of great opportunity to arrange a technical tour to Guangzhou to have better understanding of Guangzhou planning and exchange of planning concepts. Against such background, HKIP, with the genuine assistance from GUPA, is going to organize a 2-day trip to Guangzhou on **9-10 January 2010 (Sat and Sun)**. The visit would include a discussion on the Guangzhou city planning and the knowledge city (知識城) development in Guangzhou, as well as visits to some new development districts and the existing heritage.

Tentative Programme (Subject to further discussion with GUPA):

Date : 9-10 January 2010 (Saturday and Sunday)
